ISLAMIC YOUTH DISCUSSION SERIES

Join a series of interactive and guided discussions for Muslim teenagers and young adults exploring important questions about faith, life, and identity in today's world.

Each session is carefully designed, drawing on authentic Islamic knowledge and structured learning from the Yaqeen Institute and al-Nasiha Publications curricula, combined with thoughtful discussion, reflection, and real-life application.

These sessions aim to help young Muslims:

- ✓ understand Islam thoughtfully and strengthen core beliefs and practices
- ✓ build clarity about their identity and develop confidence in living as Muslims
- ✓ engage positively and constructively with the world around them
- ✓ ask honest questions and express their ideas confidently in English.
